COVID PROTOCOL

O.C. follow the indication and standards promoted by ETU.

After the organizer of the competition has established the epidemiological situation, a person has been appointed who is responsible at the event for risk assessment and for the implementation of epidemiological measures that reduce the possibility of infection transmission. This person (COVID-Coordinator) has the role of the central coordinator and the person responsible for communication among the participants in the organization of the competition, ie the organizing committee, the hall managers, the relevant public health institutions and sports teams.

All associates are required to adhere to measures and recommendations to prevent the transmission of coronavirus infection.

Access to the competition hall/area is allowed only on the day of the athlete's fight. Competitors will stay during the competition in their rooms or the designated waiting area. When the category of each individual **competitor starts, the competitors go to the warm-up area accompanied by the coach (before entering, their temperature is measured)**, which they can enter 15 minutes before their fight. After warming up, the competitor and the coach enter the disinfection area where they get electronic equipment and go through the disinfection zone.

It is mandatory to wear masks, disinfect your hands and have your body temperature checked before entering the Competition Hall

Competitors / participants

COVID TEST! Due to the current situation in Europe, and in order to protect all our participants and the safe implementation of the competition, the following will apply in addition to the requirements to enter the event host country.

In addition, as a **bio-secured bubble format** will apply at this event all participants (athletes, coaches, trainers, officials, referees, staff, etc.) will be tested with a Rapid Ag Test at the entrance of the "Bio-secure bubble" and will be allowed to enter the event premises only if the result is negative. Participants that are tested positive will not be allowed access and, in this case, Local Authorities' health protocols will be followed.

IMPORTANT: Participants are NOT allowed to exit or leave the event premises until they complete their play or duties, and they depart. Participants that exit or leave the quarantined premises before their departure will be automatically disqualified; them and their team in total. NO EXCEPTIONS APPLY. *(In case of injury and/or need of hospitalization the COVID coordinator and the MD in charge will permit the athlete and/or an escort to exit).*

Wearing a protective mask in such a way that it covers both the mouth and the nose is mandatory for all regardless of their place of action. Masks are worn in the official hotel of the competition, during the use of the transport service and during the stay in the hall, all the time and without exception, except in the case of competitors, during the competition (during fights).

It is strongly recommended to prepare and wear any types of eye protection such as sports goggle, eye protector or faceshield in a crowded indoor or closed space setting (especially busy areas in the venue or hotel or transportation shuttle) to decrease possible COVID infection through eyes, except in the case of competitors during the competition.

If there is a need to replace gloves or a protective mask, used gloves and masks are thrown in specially designed baskets. Associates operating in the hall are obliged to adhere to the specified corridors of movement, and ALL COMPETITORS and COACHES must leave the hall IMMEDIATELY after the fight.

The organizer will keep a register that includes contacts of competitors and members of their entourage, officials and professionals, which will facilitate the identification and monitoring of further contacts of potentially infected persons. The keeping of the register will be in accordance with local legislation and regulations, and in accordance with the protection of personal data. By accepting the work, volunteering or registering, all participants undertake to give a statement and accept the conditions prescribed by the organizer.

This rulebook is designed for and binds all participants in the organization who accept the stated instructions by taking over the official accreditation.

In order to facilitate the use of this document, the organizer divided all participants in the organization into groups related to movement within the competition zone (hall) and participants outside the competition zone.

A. Competition zone (hall)

- Competitors / participants
- Referees / delegates / organizers / technical service
- Medical procedures / Warming places
- TV broadcast of the competition
- Anti-doping control
- Volunteers

B. Other participants in the organization who are outside the competition zone of movement (in front of the hall and hotel space)

- Employees
- Transport service / official drivers
- Physiotherapists / masseurs / medical service
- Media representatives
- Security service
- Logistics / goods acceptance / accreditation service
- Serving food
- Official accommodation

Access to the competition hall/area is allowed only on the day of the athlete's fight. Competitors will stay during the competition in their rooms or the designated waiting area. When the category of each individual competitor starts, the competitors go to the warm-up area accompanied by the coach (before entering, their temperature is measured), which they can enter 15 minutes before their fight. After warming up, the competitor and the coach enter the disinfection area where they get electronic equipment and go through the disinfection zone.

It will not be possible to use locker rooms, lockers and showers in the hall. Only the use of sanitary facilities will be allowed. It is necessary to have an identification document in the hall for the purposes of conducting doping control.

No close contact is allowed in the hall after the competition, and this refers to shaking hands, hugging or kissing for the purpose of celebrating the results of the performance.

At the medal ceremony the athletes and medal presenters are required to use masks and the medal presenters also gloves. The ceremony will take place without a handshake, and the person presenting the awards must also wear gloves.

Athletes' statements after the competition will take place at a distance from the journalist in charge, and other members of the media will follow the statement live.

TV broadcast of the competition

Each member of the transmission team should be subject to an individual risk assessment of infection, and those at increased risk should obtain a medical permit after passing one of the protocols.

Part of the transmission implementers working in the hall should remain on their workstations for as long as previously defined. They should avoid unnecessary conversation, adhere to measures of physical distancing.

During the stay in all zones under the authority of the organizer, it is mandatory to wear a mask. The national host of the broadcast is obliged to submit to the organizer the schedule of movements of all participants in the television broadcast.

Volunteers

Volunteers are required to adhere to measures to prevent the spread of infection at all locations where they are deployed. It is mandatory to wear a protective mask that covers the mouth and nose and frequent hand disinfection, as well as eye protection such as sports goggle or faceshield. Used gloves and masks should only be stored in specially designed containers. Disinfection of tatami mats and equipment is done in a way that does not disturb the athletes and does not come in their immediate vicinity. It is necessary to take care not to enter the zone of movement of the athlete.

Asking for autographs or taking photos with athletes is not allowed.

OTHER PARTICIPANTS IN THE ORGANIZATION

Employees

Competition staff were deployed in multiple smaller groups and multiple rooms to reduce the risk of infection transmission. They are obliged to wear protective masks throughout their stay in front of the hall and to disinfect their hands when entering and leaving the room in which they work.

The joint meetings necessary for the implementation of the competition will be held outdoors with the obligatory wearing of protective masks.

Employees of the competition are considered to be all persons who are connected with the organizer through an employment relationship, employment contract, student contract or as volunteers, and reside in front of the hall.

Transport service / official drivers

Accredited persons will be transported from the airport directly to the hotel by car or bus where all passengers and drivers will wear face masks and sit in compliance with the physical distance rule prescribed by the local authority with a recommendation of 1.5 meters. For all participants who will be accommodated in one of the official hotels, and away from the venue of the competition, shuttle service will be provided according to a predetermined schedule with predefined names of competitors and other participants.
